## Introducing Jordan Cold Fact Sauvignon Blanc

Available from the 2017 vintage

*Cold Fact is the album from singer-songwriter Sixto Rodriguez, who became a cultural phenomenon in South Africa and was made internationally famous in the film 'Searching for Sugar Man.' It is also a play on the cold soak technique we use to extract flavour from the skins of our ripest Sauvignon Blanc grapes produced in sight of Table Mountain, which are then chilled and left for hours or even overnight on the skins, with the process helping to extract the intense flavours associated with this highly aromatic grape variety.*

Jordan Cold Fact Sauvignon Blanc 2017, from south-facing vineyards, grown at 410m above sea-level, exudes aromatics of blackcurrant leaf & ripe Cape fig balanced by a complex fruit structure and sweet Provençale herbs on the finish.
